

Best Practices

We have compiled the practical experiences of a wide range of public contracting authorities for you. Topics range from LED technology, electromobility, reduced fragmentation of demands and the introduction of eGovernment systems.

All Best Practices are available at www.koinno-bmwi.de (in German).

Come to us with your ideas and requests!

KOINNO
COMPETENCE CENTRE
INNOVATIVE PROCUREMENT

Competence Centre for Innovative Procurement

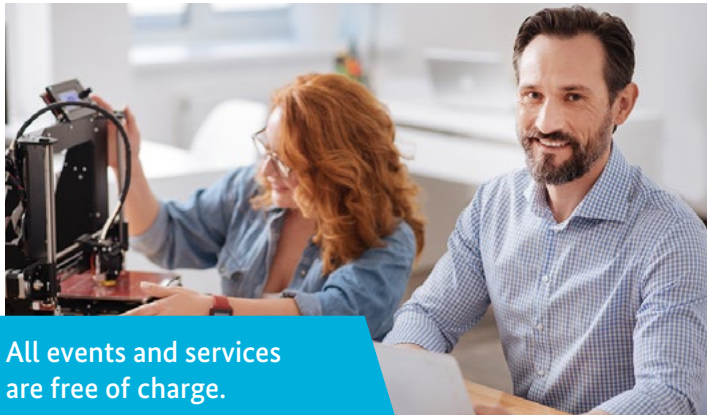

KOINNO – Your partner for all issues relating to innovative public procurement

What is KOINNO?

The work done by the Competence Centre for Innovative Procurement (KOINNO) focuses on promoting awareness for innovative public procurement in Germany in the long term and on increasing the share of innovations in the total public procurement volume in Germany. To this end, KOINNO provides comprehensive information, consultancy services and specific guidance on issues of innovative procurement.

Who does KOINNO support?

- ▶ **Public institutions**
- ▶ **Companies**

All events and services
